

Ms. Mulligan and the ENCHANTED ICE CREAM

Ms. Mulligan lives a charmed life. *Literally.*

Tabby Easterland wakes on her **twelfth birthday** to find herself magically transformed into the **twenty-five-year-old "Ms. Mulligan,"** an event witnessed only by her young friends – the **platinum-haired southern belle Dolly Hargrave** and the **hard-boiled urban detective wannabe Kat Dorsett**. Hiding her true identity, Ms. Mulligan becomes a teacher at her own school, where a desperate search for answers lead the girls to **seek out Tabby's long-lost father, discover an ancient mystical society, and fight the evil Black and White Sisters**—witches determined to complete a long-planned curse—upon Tabby. In a race against time, **will love be enough to overcome the crippling curse and restore Tabby to her former self?**
